

Coming Soon!

The National FCA Convention & Exposition 2017, offers attendees the opportunity to accrue many hours, approved for ACBN credit. These hours are co-sponsored and CE hours maintained by Texas Chiropractic College. Multiple doctors will provide attendees throughout our event with a simple yet effective way to monitor and support the overall health and nutrition of their patients. Common emphasis for topics include weight loss, chronic fatigue, lab testing, nutrition, detoxification, just to name a few.

FCA Conventions are approved for clinical CE in over 45 states, so join us and implement the necessary tools for further evaluating the nutritional component of their patients in order to support them naturally to promote health and wellness!
