

How to Spot - and Stop - the Fouls in the Personal Injury Game

Special Guests:
Andrew Morris and Alan Nesbit

Saturday,
April 15, 2023
10 a.m.-2 p.m. PST
1 p.m.-5 p.m. EST

A four-hour virtual intensive

*The PI game isn't
rigged against you.*

*You just don't
know all the rules.*

When done right, personal injury should be the most profitable segment of your medical practice.

What you'll learn

Game Fouls

You can't stop what you can't spot. Recognize the fouls each player – insurer, patient, attorney and medical provider – may commit. Then use the processes and strategies we'll teach you to protect your interests.

Confidentiality Fouls

What's the most frequent attorney response to requests for settlement details? "It's confidential!" Learn the secrets to forcing transparency and leveraging facts and the law to your advantage.

Game Foul Prevention

How can you best position and protect yourself against game fouls? We will show you the one weapon that's your best leverage for getting paid what you deserve.

Penalties

Understand what happens when fouls occur, what you and others can do to prevent them, and the options for addressing them.

The New Foul: No Surprises Act

Not complying with this new law is one of the riskiest fouls you can commit. Understand how the law applies to you and what it means for getting your bill fully paid. You'll also discover why NSA compliance can improve and grow your practice!

Guidelines for a Win-Win

Everyone has a legitimate interest. If done the right way, there's one approach that will lead to a true win-win in the PI game. We'll teach you what it is.

Upgrade to VIP for \$99

*Add a VIP package
and you'll get:*

- Two-hour follow-up Q&A session with Michael Coates on April 18
- 90-day access to all "Spot – and Stop" recordings instead of just 30 days
