CONVENTION HONOREE

DR. ROBERT WATKINS

He holds additional degrees in Physiotherapy from National College, Erhardt Radiological Science, and is certified in Florida Workman's Compensation and AMA Disability and Impairment Rating.

NCMIC

More Than a Malpractice Insurance Company

Because You're More Than A Policyholder

It all started in 1946 with malpractice insurance. When no one else would, we stepped up to provide DCs with outstanding protection for all stages of their career.

The more we got to know our doctors—about their passion for the profession, how they help their patients and selflessly serve their communities—the more we wanted to help them succeed in every way.

Today, we're proud to offer a wide array of insurance and financial products and services, as well as countless practice resources. Each one is designed to help you and your practice thrive.

You can always count on NCMIC and our commitment to you. We're more than just your malpractice insurance company. Because you're more than just a policyholder.
